- Display Options: Stand + 1 Banner (Single Sided)
- Frame Color: Silver
- Printed Side: Front Only
- Material: 13 oz. Poly Film
- Standard Turnaround: XX Days

Prices starting at **\$XX.XX**

## Durable, Portable, Retractable

Retractable banner printing is a must-have for any convention, political campaign, trade show, or display. Retractable banners, or pull-up banners, retract in one smooth motion, allowing for compact storage and quick setup during indoor events.

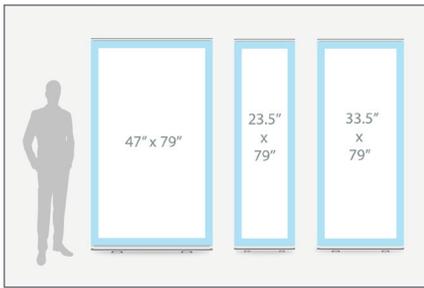

### Quality That Shows

Our retractable banners are printed on 13 oz. poly film; a durable, curl-resistant, and waterproof material. The smooth, white surface showcases your design. It has a high opacity that prevents the front from bleeding or showing on the light blocking gray back. We only print on one side due to the aluminum pole that extends up the back of the banner.

### Multiple Options

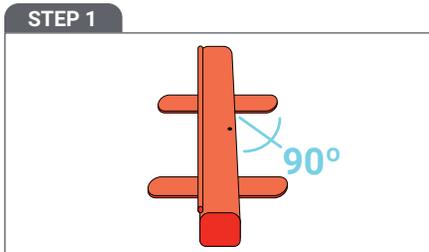

Choose from three standard sizes that will suit both vertically or horizontally oriented designs:

- 23.5" x 79" is our longest and thinnest design. Recommended for banners meant to be read from top to bottom.
- 33.5" x 79" is the most popular size among customers, as it provides ample width and a standout height. Ideal for a retractable pop-up banner with a large image and focused blocks of text.
- 47" x 79" is our widest size available, making it suitable for designs with text or visuals best read from left to right. It's also recommended for retractable banners that have several images and other visual elements.

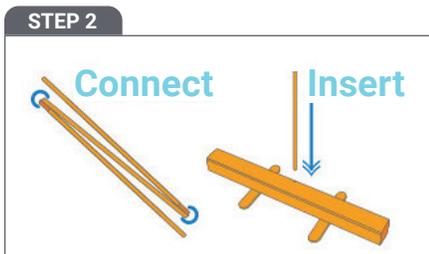

## Pre-Assembled For Quick Setup

All pop-up banners come pre-assembled to a durable, lightweight aluminum stand. The stand and support pole come in a bag for easy carrying and storage. Follow these four steps for quick setup:

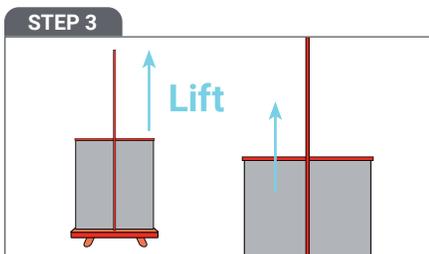

1. **On the bottom of the stand, rotate both feet by 90 degrees and place the base on the ground.**
2. **Connect the poles then insert them in the hole found on the top, back of the base.**
3. **While gently holding the pole for leverage, lift the silver header bar, pulling the banner up from the base.**
4. **Insert the edge of the header bar into the groove at the end of the pole.**

## Frequently Asked Questions:

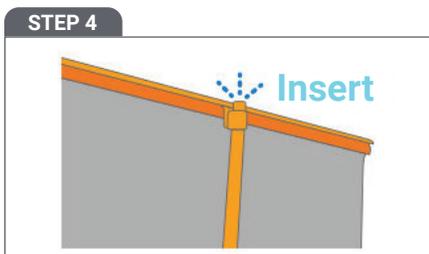

### Does my order come with a replacement banner?

No, we do not include replacement banners with the order. However, all retractable banner stands and accessories last a minimum of five years with the proper care and maintenance.

### Can I use the banner outdoors?

Our retractable banners are recommended for indoor use. To ensure maximum protection during transport, all banners come with a travel bag. The 13 oz. poly film material is also waterproof and crease resistant in the event of other potentially damaging factors.

### How fast can you process my order?

We can print your retractable banner in as little as 48 hours. This 2-day period is referred to as the printing turnaround time, which does not include shipping transit time, weekends, and holidays. This time begins once you have paid for your order and approved the proof.
